

SIMPLIFIED ACQUISITION PROCEDURES (SAP)**SINGLE SOURCE DETERMINATION FOR ACQUISITIONS NOT EXCEEDING THE SIMPLIFIED ACQUISITION THRESHOLD AS DEFINED IN FAR 2.101**

SOLICITATIONS MAY BE LIMITED TO ONE SOURCE ONLY IF THE CONTRACTING OFFICER (*within its warrant authority*) DETERMINES THAT ONLY ONE SOURCE IS AVAILABLE IAW FAR 13.106-1(b). THIS DETERMINATION SHALL BE SUPPORTED WITH FULL JUSTIFICATION FOR SINGLE SOURCE FROM THE CUSTOMER. THE CUSTOMER SHALL PROVIDE THE FOLLOWING INFORMATION:

QUOTE/SOLICITATION NUMBER:

TBD

ESTIMATED AMOUNT**DESCRIPTION OF SUPPLIES OR SERVICES REQUIRED AND THE INTENDED USE:**

FY14 VMWARE VCENTER SERVER 5 & VSPHERE 5 SUBSCRIPTION ANNUAL LICENSE, MAINTENANCE AND TECHNICAL SUPPORT

UNIQUE CHARACTERISTICS THAT LIMIT AVAILABILITY TO ONLY ONE SOURCE, WITH THE REASON NO OTHER SUPPLIES OR SERVICES CAN BE USED:

The Naval Facilities Engineering Command (NAVFAC), HQ CIO has a requirement for VMWare vCenter Server 5 Standard & vSphere 5 Standard subscription (services only) annual license agreements. NAVFAC's Industrial Control System – Platform Enclave (ICS – PE) Technical Team will be able to ensure the ICS – PE receives the proper Certification and Accreditation (C&A) Information Assurance (IA) support it needs to be compliant with SECNAVINST 5230.15 (Unsupported COTS software poses unacceptable operational and security vulnerability risks to the Information Technology (IT) assets of the Department of the Navy (DON)). C&A IA business processes relating to ICS – PE are currently integrated using VMWare for computing virtualization operating systems along with network management and administration. ICS – PE Technical Team utilizes this unique level of support to complete required T&E resolutions.

REASON THAT SUGGESTED SOURCE IS THE ONLY SOURCE WHICH CAN PROVIDE THE SUPPLIES OR SERVICES:

Approval is sought to obtain authority to use limited sources (brand name) to purchase for VMWare vCenter Server 5 Standard & vSphere 5 Standard subscription (services only) annual license agreements and allow for updates using the Department of Defense Enterprise Software Initiative (ESI) Blanket Purchase Agreement. This authority will allow for limiting competition and negotiation within ESI BPA (mandatory source) authorized resellers. These licenses need to be renewed to maintain patch and version upgrades, which are released by VMWare. Only VMWare, the holder of the intellectual property or its authorized third party resellers can provide the necessary support maintenance. Redeployment of a new software solution is both impractical and cost prohibitive. IAW DFARS 208-7402, Departments and agencies shall fulfill requirements for commercial software and related services, such as software maintenance, in accordance with the DoD Enterprise Software Initiative (ESI).

EXPLAIN WHY AN ADEQUATE PURCHASE DESCRIPTION OR OTHER INFORMATION SUITABLE TO SOLICIT BY FULL AND OPEN COMPETITION HAS NOT BEEN DEVELOPED OR IS NOT AVAILABLE:

FAR 13.106-1(b) provides for the use of other than full and open competition in the case of purchases not exceeding the simplified acquisition threshold when the contracting officer determines that the circumstances of the contract action deem only one source reasonably available, including brand name.

PROVIDE A STATEMENT OF ACTIONS, IF ANY, THE GOVERNMENT MAY TAKE TO REMOVE OR OVERCOME ANY BARRIERS TO COMPETITION BEFORE FUTURE ACQUISITIONS ARE REQUIRED:

For future requirements, the Navy will reassess the market to determine whether or not another competitive source has emerged.

I certify that the statements above are complete and correct to the best of my knowledge.
